LAND LEMONS RING TOP PRICE IN EASTERN MART

of Car Bid in on Open Market Last Week at Nearly \$15 Per Box

CARS OUT LAST WEEK

age of Lemons in This District Pretty Well Cleaned Up Aug. 1

us ranchers in the Upland district who may not have been so delighted with prices on lemons at various times during the present season, now have reason to be somewhat tickled on account of the price of lemons. While the middle west and east are swelled in the humid heat they are immense quantities of lemons from the Upland district—and good prices for them. Earlson, manager of the Mountain View Fruit Assn., reports that of a car shipped by that consignment last week for nearly \$15 per box on the open market in the price on the car average, a little more than \$14. Prices of \$12 to \$14 were not unusual last week and while the top of last week has not yet been reached this week, many are going up to \$12 per box. Such figures as these do not make the lemon growers at all "down the mouth," especially when \$5 per box is regarded as a price for this fruit. The highest week was the highest at lemons have sold in the past years or so.

SEEK ACTION ON AVENUE OPENING

Chamber Directors Looking Forward to Proceedings on Local Projects

Directors of the Upland chamber of commerce are today looking forward to the time when there will be action toward the opening of Second avenue over the Santa Fe tracks.

Walter Allen, chairman of the Second avenue committee in the local chamber, has conferred with a similar committee in the Ontario organization, and the question is now with the Ontario city council. It was deemed advisable by the two committees to have the first official action in the matter come from the Ontario city officials.

Nearly a year ago, at a joint meeting of directors of the two chambers of commerce, the Ontario organization offered its assistance in securing the improvement. Later the committees convened.

It is expected that the Ontario council will communicate with Santa Fe officials on the project, with a hearing before the state railroad commission an event to determine the fate of the improvement project.

When the commission convened here to get facts on the situation, the city failed in its efforts to get the improvement. It was felt that with the added support of Ontario, enough sentiment could be obtained to secure the improvement.

J. S. Armstrong is chairman of the Ontario Second avenue opening committee.

Realtors' School For Study Planned

With an Upland man as the teacher and an Upland man one of the three men in charge, a school to educate the salesmen members of the Ontario-Upland Realty board will be conducted soon it was decided at the meeting of the board in the Ontario Hotel yesterday noon. Purpose of the school is to give the salesmen an opportunity to study for the state examination which must be taken soon in compliance with a recently enacted law.

The board expects to secure the services of Ernest W. Fischer, Chaffey vice-principal, as an instructor. George L. Young, realtor and bookkeeper of the G. A. Hanson Fruit company, is on the committee in charge. Fred Margerum, Upland, board president, appointed the committee, consisting of Willard D. Ball, Clayton K. Close, C. R. Combs and Mr. Young.

Notable Lady Visitor Attorney Gray Home

Upland has many visitors of distinction. In fact, our city and community have numbers of citizens who have attained fame in any line of endeavor. Just at present there is a lady visiting at home of Attorney E. E. and Mrs. Gray who at one time was lady tennis champion of the Pacific coast—Miss Miriam Hall Berkeley, that city where champions in lady tennis players seem to be from. Miss Hall lost her title to none other than the famous Mrs. May Sutton-Bundy and latter two ladies at one time and the women's national championship is a friend of Mrs. Gray some years.

Miss Hall may be somewhat responsible for the ranking lady champion player of the world, Miss Helen Williams, as she taught her the tennis before she attained her present standing in the tennis world.

Cellar Fighters on Wednesday Program

Johnny Adams of Santa Bernar and Arizona Joe Rivers of Ontario will have a formal meeting Wednesday night. Each is looking forward to that meeting, and so are hundreds of Upland boxing fans.

These two gentlemen will head the program at the Ontario Athletic club in a star line-up of boxing. Rube Kaufman has also scheduled a good array of fighters fill out the program.

Ontario Tax Rate Is Unchanged

With the increase in the assessed valuation, the Ontario city tax rate will be the same this year as last year, it was determined at the meeting of the Ontario city council last night. The rate is \$1.83 for the new and \$1.85 for the old city.

This rate will raise for the city, on the basis of assessed valuation, \$116,438.47. The rate last year brought to the municipal coffers \$103,749.04.

The new figures were included in an ordinance fixing the amount read for the first time last night. An adjourned meeting next Monday will see the ordinance given its final reading.

VALUATION HIGHER HERE FIRST TIME FOR THREE YEARS

1929 Assessment Rolls Place Figure at \$2,911,700 on Local Property

COUNCIL TO FIX RATE

Increase of \$272,180 Over Last Year Reported by County Assessor

Being increased for the first time since 1926, Upland's assessed valuation is today \$2,911,700 as compared with \$2,639,520 for last year, E. C. Mehl, city clerk, announced after receiving a report from the county auditor's office.

This is a gain of \$272,180. The previous high mark in the assessment roll was in 1926 with a valuation of \$2,745,795, and the gain in the 1929 figure over that in 1926 is \$165,905.

Increase in assessments was general throughout the county with the total gain being approximately \$5,000,000.

Upland ranks fourth in point of assessed valuation, being behind Ontario, which has a valuation in the assessment figures of \$6,344,630. San Bernardino and Redlands are the other cities ahead of Upland.

In 1927, the assessed valuation was \$2,714,971, this being about \$30,000 lower than the figure in 1926. The 1925 figures gave this city an assessed valuation of \$2,601,520, and in 1924 the figures were \$2,498,930.

On the basis of the assessed valuation, the city council will at its next meeting fix the tax rate. The amount to be raised by taxes as fixed by the council is \$67,500.

Taking the West End district as a whole, the assessed valuation is \$20,297,815, as compared with \$18,754,270.

McCullochs Sell Baldy Concession

Mr. and Mrs. Herbert McCulloch have sold the Camp Baldy concession to A. R. Holland of Glendale, who has already moved his family up to that place and took possession last Friday. This concession was the only part of Camp Baldy the McCullochs retained when they sold the resort to Foster Curry a year or more ago and includes the bowling alleys, pool tables, refreshments, etc. They will remain in Upland at least over the coming winter—and their many Upland friends hope much longer—but their future plans are not yet made.

The new owner of the concession is a charter member of the Glendale Lions club and its first secretary and the Hollands come recommended as excellent people. They have a son who will enter school here in September.

"Roads," Is Topic of Dr. Stavely's Sermon

Taking as his subject "Roads," Dr. James A. Stavely, pastor of the Methodist church, spoke before the union church audience in the Presbyterian church Sunday morning. Having returned less than 24 hours previous from New Jersey by motor, the pastor pointed out the advantages of the present highway system, and pointed out the things to be overcome in the road of life.

Five innings of baseball between the Upland Merchants and Armstrong's, Ontario, resulted in a tie on the Ontario field last night. This being a practice game, the playing was called when it was time for the feature game to start.

Jake Voht pitched for the first time since being injured early in the season, Mark Bailey caught. The Upland score was made in the second inning, while the Ontario team sent across a run in the fourth. Beach and Scott formed the Ontario battery.

Foothill Blvd. Open to Overhead Crossing

New pavement on Foothill boulevard extends from the east up to the Pacific Electric overhead crossing and local motorists can now use that artery in going to the cities east of here.

Work is progressing on the widening and paving of the boulevard from Claremont east. It has not been determined whether the boulevard will be widened and paved through Upland.

Waltonians Will Meet in Legion Clubhouse

Plans for a picnic will be discussed at the meeting of the Izaak Walton league in the American Legion clubhouse at 7:30 o'clock tomorrow night. With no set program arranged, a general discussion of conditions affecting the sportsmen will probably be held.

An effort is being made by the officials of the Old Baldy chapter to secure a large attendance at the meeting.

Chamber Gets Information on Plunge from Colton and Brea

"This plunge has filled a great need for our community; it not only being a source of pleasure, but also a paying proposition."

This is the word received by the Upland chamber of commerce from the Brea chamber of commerce concerning the project in that city. Included in the letter were figures on the cost of the plunge and the July income, which showed a net profit of nearly \$500.

The Brea plunge has attracted the attention of the chamber directors and the letter received by Clair E. Kirk, secretary, was in reply to an inquiry concerning the history of the project. A similar letter was sent by the local group to Colton, and an encouraging reply was received.

A half dozen other inquiries were sent to as many cities and when the information is received and tabulated, the local group will be in a position to plan for the future concerning an improvement here.

The Brea plunge was built at a cost of \$25,200.25, the money being raised by a bond issue. Cost of the Colton plunge was \$14,486.23.

Main items in the cost of the Brea project were the construction of the plunge and bathhouse at a cost of \$12,987, and the purchase and installation of equipment, filters and lockers, at a cost of \$5209. The heating system cost \$3520.

The profits in July were \$487.31.

DR. GORDON WILL SPEAK ON SUNDAY

Decision as to Subject Not Yet Made; Community Prayer Services Friday

While it is definitely known that Dr. Gifford Gordon, noted Australian lecturer and preacher, will return Sunday to speak at the Chaffey union church services in the evening, there is as yet some indecision as to whether he will deliver one of his famous lectures or preach a sermon. In the event the lecture is decided upon, Dr. Gordon will speak on "America's World Leadership." Otherwise he will deliver a sermon on "The Unbelief of the Believer."

In either case all who attend the union service Sunday evening are certain to hear a splendid address.

In speaking this morning of the union services, the Rev. Alice Laidlaw also called attention to the community prayer and Bible study which is held every Friday afternoon at 3 o'clock at the Congregational church in Ontario. These services are being well attended and much benefit is derived from the study. The theme for Friday's service will be "God's Provision for Deliverance."

Upland Group Home From Northern Trip

An Upland group including the Rev. and Mrs. W. I. Doole, Miss Rose Doole and Mr. and Mrs. H. P. Doole of Nebraska, Mr. Doole being professor of mathematics in the University of Nebraska; Dr. R. C. Stone, Mr. and Mrs. Kent Fuller of Ontario and Dr. Stone's cousin, Miss Elizabeth Scott of Kansas City, returned Friday evening from a pleasant trip to Yosemite and other points in the northern part of the state.

Dr. Stone and Mr. and Mrs. Fuller and Miss Scott left nearly two weeks ago for Santa Rosa, where they attended the Presbyterian convention. Returning to Yosemite, they were joined by the Doole family and a week was spent in the famous valley.

Merchants, Armstrong Play 1 to 1 Tie Game

Five innings of baseball between the Upland Merchants and Armstrong's, Ontario, resulted in a tie on the Ontario field last night. This being a practice game, the playing was called when it was time for the feature game to start.

Jake Voht pitched for the first time since being injured early in the season, Mark Bailey caught. The Upland score was made in the second inning, while the Ontario team sent across a run in the fourth. Beach and Scott formed the Ontario battery.

Mrs. MacGowen Given Handsome New Bible

Mrs. E. J. MacGowen is the proud possessor of a handsomely bound new Bible which was presented to her as a happy surprise following the morning church service at the Advent Christian church at La Verne. The gift was made by members of the Woman's Home and Foreign Missionary society and was a spontaneous expression of their esteem and affection for their fellow member.

RIGHT-OF-WAY FOR SIXTH AVENUE IS OFFERED TO CITY

Several Owners of Property Between 11th and 12th Want Improvement

PROJECT IS REVIVED

Matter Dropped by Council on Thursday Being Considered Again

That Sixth avenue will be constructed from Twelfth avenue within 200 feet of Eleventh avenue, loomed a possibility today, in spite of the fact that the city council dropped this project at its meeting Thursday night.

Several owners of property in the territory concerned approached Richard G. Manley, city engineer, yesterday with the offer of giving the right-of-way to the city, if such an offer would make construction of the street possible. It was also suggested that a small east and west street or alley be constructed from the new Sixth avenue to connect with Fifth and Campus avenues.

So today Mr. Manley is considering the project of building this north and south street. The council dropped the proposal last week when property owners objecting to the expense involved united in a strong protest.

Yesterday's offer gives to the city part of the right-of-way. As the offer of the gift was not unanimous among the property owners, Mr. Manley explained that the other property owners would have to be approached to obtain their sentiment toward granting the right-of-way to the city.

Original plans for the opening and construction of Sixth avenue called for the artery being built from Eleventh to Twelfth streets. The new plan being considered at present does not include the 200 feet north of Eleventh street as that property is owned by persons who objected to the original work. Mr. Manley will go into the situation and have a report ready for the councilmen at an early meeting.

38 UPLANDERS TO BE AT SAN DIEGO

Legion and Auxiliary Conventions Attract Many From Here

Thirty-eight members of the Upland Legion and Women's auxiliary are today planning to attend the state Legion and auxiliary convention at San Diego August 19, 20 and 21, and other local people are planning to be in the convention city August 19 for the parade, which is scheduled to be an outstanding feature of the sessions.

In this parade the local delegation will march together, going east on Broadway to Fifteenth then to the stadium. According to Earl Marsh, the parade will be 1.6 miles in length.

Official delegates from the Upland post to the convention are Milton Huxtable, commander; Charles V. Benson, adjutant; Earl Marsh and Floyd Atwood, while the alternates are Clair Kirk, Sam Rowe, Thomas Howerton and Glen Hipes. Wives of the delegates and alternates are planning to attend the session, and the others from here expecting to attend are Mr. and Mrs. Paul Adams, Mr. and Mrs. William Kincaid, Mr. and Mrs. Clarence Fossett, Mr. and Mrs. William Larkin, Mr. and Mrs. Harry Plum, Gene Nisbet and his sister Miss Clara Lou Nisbet, Allan Barr, Herman Cordes, Frank Lutz, Mr. and Mrs. Jess Monroe, Mr. and Mrs. Harvey McMaisters, Mr. and Mrs. J. J. Linkey, Mr. and Mrs. David Bradford, Mr. and Mrs. James E. Goodban and family, Mr. and Mrs. Frank Goodban and family, and Mr. and Mrs. Enos Leaman.

Mr. Marsh stated this morning that any Legionnaire who desires to advance the date of his attendance at the convention should be at the Legion meeting tonight and notify Mr. Marsh of the desired change in the reservation.

The feature of the day following the convention will be a "Day in Mexico," an entertainment consisting of a bull fight and dog races.

BABBS WILL RIDE IN ENDURANCE TRY

Will Send Motorcycle Over Perpendicular Wall For Six Hours

Not only aviators and airplanes can figure in an endurance test in the belief of Lewis Babbs, but also motorcycles.

This local man, son of W. D. Babbs, West Tenth street, famous for his parachute and motorcycle antics, is today planning to startle the motor world by setting an endurance record for riding a motorcycle on the side of a perpendicular wall.

Six hours of speeding around the steep-sloping wall at the Venice pier is his goal.

"Then, if someone else beats that record, he will make another record," his brother explained this morning.

At 6 o'clock the "dare-devil" will start his motor. But before this is done, Babbs will be examined by physicians and at the conclusion of the gruelling ride, he will be given another examination and changes in his condition noted.

Similar tests will be made throughout the ride, as to tires, gasoline and machine. As the rider will have to maintain a speed of 50 miles an hour to keep on the inclining wall, there is considerable speculation as to what may happen during the "endurance" attempt.

One of the best meetings ever held by the Cucamonga Service club is planned for tonight in The Sycamores. Helen Fitzgerald, a talented reader, will be the feature attraction at the "Ladies' Night" program arranged by Eldon C. Atwood and H. H. Thomas.

Reservations are being made with the hotel officials and with Dave Richardson, president of the club.

Accompanied by Steve D. Allee, Mrs. Allee, Mrs. Sam Lamb, Mrs. Ed Lutz, Mrs. Eva Alford and Mrs. Amos R. Colborn went to Long Beach Sunday and will spend a two weeks vacation by the sea.

Pretty Miss Sets New Fashion Here

Setting the pajama fashion in Upland Miss Mildred Roddick, daughter of Mr. and Mrs. Mehl Roddick, created a mild sensation Monday when she appeared in a natty suit of beach pajamas. However, the pajamas, pretty blue and white checked ones, were made so nearly like the overalls of a hay pitcher that Miss Roddick might easily have been mistaken for a modern Maude Muller. And the near sensation was caused not so much by the fact that she was wearing pajamas, as that she made an unusually pretty picture in her dainty, supposed-to-be masculine attire. "Cool and comfortable—not such a poor idea after all," was the gist of the comment made.

LADIES ROTARY GUESTS TODAY

Excellent Program in Charge of Past Presidents of Club Given at Luncheon

Today was ladies day with the Upland Rotary club at their regular weekly luncheon at The Sycamores. The committee in charge had the tables beautifully decorated in flowers and flags, which made a splendid setting for a good time. The program was in charge of three past presidents—P. H. McQuillen, Chas. Barr and Art Weber. President Roy Bradley turned the gavel over to "Mac," who presided with a flow of wit and humor that has already made him famous.

As a compliment to President Bradley's wife Al Reynolds, on behalf of the club, presented her with a wonderfully beautiful bouquet of flowers.

Archie Moore, with Mrs. Moore at the piano, led the singing in place of Lynward Grahame, who is not yet able to officiate since his recent illness. Mr. Moore also delighted the audience with two vocal solos faultlessly rendered.

Chas. Barr was called on for a talk, using the subject, "How It Feels to Be Dropped." He didn't say much about the topic, but was able to give President Bradley some excellent unsolicited advice.

Art Weber performed the duty of welcoming four new members into the club, making a wonderful talk on the meaning and duties of Rotary which not only strongly impressed those being honored with membership at this time, but also the other members of the club and their guests, the ladies. The new members are as follows: Wm. Hodgkins, who comes from the club at Inglewood and has been a member here about a month; Attorney E. E. Gray, Guy Clark and the News Guy.

Mrs. A. H. Manker expressed the appreciation of the ladies for the enjoyable affair, which is said to rank among the best ladies days of the club.

Norman Lawson Is 20-30 Club Speaker

Norman Lawson contrasted life in London and life in this country in an address at the 20-30 club meeting last night. He outlined especially the life a student in London and his relation of incidents was received with enthusiasm by the club members.

Following the meeting, the executive committee discussed the club convention to be held in Hollywood, and it was announced that eight from here will attend the sessions.

Lorraine Loch, past president was program chairman.

With the return of George Hermes to work, Robert Klindt of Klindt's grocery and Mrs. Klindt left Monday for a week's vacation along the beaches. They headed for Newport and expect to end their southern trip at San Diego, returning here on Friday.

Mr. Hermes returned to the store after a two weeks' vacation with his brother Fred in the Owens valley district, where they became acquainted along the fishing streams in that district.

Lois Meschberger of Pasadena is her visiting her sister, Mrs. W. Wilkowske, of East Twenty-fourth street. Miss Meschberger arrived Sunday and plans to stay here for two weeks.

Howard Hawkins, West Thirtieth street, and Hugh Fletcher, West Nevada street, Ontario, spent Saturday and Sunday with friends at Newport Beach.

BUILDING CLOSED AS BEING UNSAFE; WILSON WILL MOVE

City Condemns Structure Occupied by Toggery and Doors Locked

WILL BE REMODELED

Pasadena Woman Owns Property; Repairing Must Start in 30 Days

Store building occupied by V. H. Wilson's Toggery was today closed by the city as being unsafe. After several weeks of investigation by Ted C. Combs, assistant engineer and building inspector, the structure was condemned and shortly after noon it was locked.

Mr. Wilson is moving his merchandise to the building formerly occupied by Lackey's bakery.

The store property is owned by Sarah Linney and her sister of Pasadena, and she notified Mr. Combs this morning that the structure will be remodeled. Through a legal requirement she will be required to start work on the property within 30 days or the city will be forced to do the work.

To the extent the building will be remodeled is not known, although the city will require that the condemned portions be placed in a condition to meet the approval of the officials.

Built about 25 or 30 years ago, the structure is "slipping," the side wall leaning toward the center, and in general the structure is said to be in a weakened condition.

This is the first important case of a building being condemned by the city.

Rainbow Club Scene of Fishing Party

Mr. and Mrs. Perry O. Long won the heartfelt gratitude of a number of their friends Sunday when they provided a pleasant mountain outing, being hosts at a picnic at the Rainbow Angling club. The guests were permitted to catch their own fish from the "gurgling brook" and Baby Jean Vansinder generously provided for herself by catching four fish. The tiny tot, who is hardly big enough to hold the pole, consented to let her father assist in landing the fish, but she did her own hooking of the wary trout, thank you.

Although not exactly provided for by the genial hosts, a thrilling and refreshing feature of the day was a thunder and lightning storm accompanied by a shower of real wet rain.

Guests of Mr. and Mrs. Perry were Mr. and Mrs. Oscar Frantz and son Eddie, Mr. and Mrs. Geo. Henshaw and sons, Bobbie and John; Mr. and Mrs. David L. Vashinder and baby, Jean, and Mrs. A. J. Beatty, mother of Mrs. Vashinder.

Three Guests at Firemen's Dinner

Members of the Upland Fire department held the regular monthly dinner and social evening at the firemen's cabin in San Antonio canyon Monday night. There was a good attendance, practically all the members being present and also three guests, they being T. R. Woodbridge, Frederick Kirk of Santa Paula, and Chief J. F. Sawyer.

Mr. and Mrs. W. F. Dettweiler have received word from their son Willard, who is touring the east with friends, that he was in Buffalo, N. Y., last week. Willard graduated from Bethel college, Newton, Kan., in June, and is making a two months tour of points of interest. He is expected home about Sept. 15.

John Bice of the local postoffice force is confined to his bed at his home, 1035 Fifth avenue, with an attack of mumps, which developed Sunday. He was feeling rather badly this morning and was hoping that this would be the worst day of the siege.

Mr. and Mrs. David L. Vashinder and baby, Jean, and Mrs. Vashinder's mother, Mrs. A. J. Beatty, who is spending the summer here, spent Monday at Camp Baldy, where they were guests of Dr. and Mrs. E. R. Son.

N. I. Hamer, former resident here, now living in Pomona, visited the J. J. Atwood family here Sunday. Mr. Hamer erected the building now occupied by the Robert Weiss company hardware store.

Don't Count on "The Breaks"

"Some of the biggest fools I know are the wealthiest," says Julius Rosenwald. "As a matter of fact I believe that success is 95 per cent luck and 5 per cent ability. Take my own case: I know that there are any number of men in my employ who could run my business just as well as I can. They did not get the breaks—that is the only difference between them and me."

It is pleasant to hear a successful man talk that way—much pleasanter than when he tells how he rose by his own unaided efforts, thanks to his own extraordinary virtues and abilities, helped along by rigid routine and painful sacrifice. But it isn't much more convincing, says the Hemet News.

To some few success does come as the result of "95 per cent luck and 5 per cent ability." By others it is won by 95 per cent ability attended by only 5 per cent of luck. It doesn't require any ability at all to have somebody else find oil on your farm and make you rich, nor a great deal of ability to figure out a way to use that riches so as to make you reasonably happy and content and even useful, and so successful. The really able man, on the other hand, may go hunting for oil all his lifetime and never find it. Things do happen that way, and everyone knows it. Many of us know wealthy men who don't seem so gosh-awful smart. And all of us know smart men who never seem to get anywhere. For that matter we know men who are more than smart—who are industrious, intelligent, honest and honorable, who are efficient, alert, ambitious and still they don't get anywhere. And such a man may have a neighbor who drinks and gambles and chases after strange women and never reads a book, who has no spiritual and few mental resources, who idles away and dissipates away many of his golden hours—and still is riding on top of the world.

That would seem to bear out Mr. Rosenwald's modest theory that success just happens; that it comes with "the breaks." And yet we know that it isn't true. Mr. Rosenwald knows it, too. It is not always won by those who deserve it; that much is true. But the chance of winning without earning it is not much better than the chance of drawing the grand prize in a big lottery. "The breaks" may never come to you; if so, you are out of luck. But if they do come you must be prepared and able to recognize the opportunity, to grasp it, and to wrestle with it till you subdue it. It was so that Julius Rosenwald became the master of Sears-Roebuck, and made of himself such a character that seers and poets and potentates are delighted to call him friend. Other men have had as good chances—and made nothing of them.

We hope there are not "any number of men" in Mr. Rosenwald's employ who are waiting for "the breaks" to lift them to the top, where they may justify his opinion that they could run his business just as well as he. Success is won that way only about as often as you can go out in the backyard and find a white blackbird with a diamond necklace dragging from his neck. Mostly it is won by ability, diligently and persistently applied to the task in hand, aided and abetted by vision and imagination. The fatheaded "successes" are the exception—and if you dig deep enough into their lives you'll probably find they aren't successful after all, even if they have a lot of money.

The following little story, which we picked up in an exchange, not only applies to this particular "Darky," but describes the idea a great many "white folks" have about religion: A colored preacher gathered his congregation about him one Sabbath morning by the banks of a stream. His main topic of conversation was "Free Salvation." After preaching at great length on this subject, he said: "Now, Brother Smith, will you take up the collection?" At this one old darky at the far edge of the crowd began shifting away and said: "Reverend preacher, I thought you all said dat salvation am free, free as the water we drinks." "Well," responded the pastor, "water is free and salvation is free, but when we pipes it to you, you has got to pay for it."

Ten billion, one hundred seventy-eight thousand gallons of gasoline were taxed by the states and the District of Columbia last year for a total of \$305,233,842. California consumed the greatest amount of any state—nearly a billion gallons, yielding over twenty-nine and a half million dollars in the tax alone on gasoline. The amount will be considerably increased this year since New York and Massachusetts have joined the tax-levying ranks, and Illinois has adopted the tax after the courts declared a former enactment unconstitutional.

In commenting on an auto advertisement which says women are becoming expert at patching tires, an exchange cuttingly remarks: "Why not invent some kind of rubber socks?" Surely it can't be that the automobile industry has overlooked an opportunity to get another crack at the family pocketbook.

Some people remind us of a woodpecker: They are such persistent knockers. However, there is a difference in favor of the woodpecker—he really accomplishes something to his own benefit while he is doing damage otherwise. The human knocker don't even get any personal benefit out of his knocking.

A church statistician has figured out that there are 50,000,000 church members in the United States. Has he figured out what per cent of the church attendance on Sunday are people who do not have cars?

Says the Chula Vista Star: If the Star does no more than keep the family home long enough to read it, it is worth the while. Same applies to the sheet you are now reading.

Notes of Society

Farewell Dinner Given At Harry Fies Home—

Mr. and Mrs. Harry S. Fies were hosts Thursday at their home, 1142 Washington boulevard, at a farewell dinner given as a farewell courtesy for A. M. Pattison of Nebraska, who has been visiting in several Southern California cities for the past two months, and who left Sunday on his return trip to his home.

Mrs. Fies used lovely pink carnations and ferns for her table decorations; the cool green and pink being also used in the other table appointments and a delicious dinner was served.

During the afternoon Mrs. Sarah Redmon joined the party of friends and the afternoon was spent in pleasant visiting. Mr. Pattison is a long time friend of Mr. and Mrs. John A. Burton, he and Mr. Burton having been partners in business in Nebraska, and although the Burtons were prevented from attending the farewell dinner, they did find an opportunity to visit with him briefly.

Attending the dinner Thursday as guests of Mr. and Mrs. Fies were Mr. Pattison, Mrs. Frank Whipple, Miss Ruth Howeth, Mrs. Oliver Conn, Mrs. Joseph Gaul, Mrs. Arthur Cosner and son Duane Cosner, and Joyce, John and Joan Ruyale, all of Los Angeles, and Mrs. Glenn Wiley and Miss Viola Wiley of Santa Ana.

Merry Evening Party Celebrates Two Birthdays—

Mr. and Mrs. Johnson were hosts Saturday night at their home on Twelfth street, when a double birthday celebration was held. Mr. Johnson's birthday occurred Sunday while that important day for Mrs. E. C. Chapman fell on Saturday, so it was decided to hold the celebration jointly.

A number of neighbors gathered at the Johnson home and the two honorees were showered with good wishes and congratulations. A merry social evening was enjoyed and delectable refreshments, including two fine birthday cakes, were served.

The guests of the Johnsons were Mrs. F. Jebens, Mrs. W. M. Parks, Miss Edna Hoag, Misses Beulah and Audrey Chapman of Huntington Park, Miss Eunice Lindsay, Mrs. D. O. Craig, Mrs. W. C. Cordes, Mr. and Mrs. James Crellin, W. H. Scholten, C. B. Boothe, Mr. and Mrs. Edwin Chapman and baby, Mrs. Claude Daniels, Mrs. Myrtle Boyd, Mrs. Mabel Buddington, and Mr. and Mrs. E. C. Chapman.

Tonight Is Time For Business Women's Picnic—

Gathering at 6:30 this evening at the San Antonio park, members of the Upland Business and Professional Women's club will hold their August meeting in the form of a picnic. Tables and comfortable seats have been arranged and plans made to care for a large attendance, since the members are privileged to bring guests.

An entertaining program will be given and some special unannounced features have been planned by the August program committee, which includes Mrs. Rose Burwell and Miss Anna Beall Clark, the two birthday members of the month, and Miss Elvira Ruth, Mrs. Elizabeth Brain and Mrs. Una R. Winter, the latter three "borrowed" from other months.

N. D. Allens Celebrate Anniversary of Wedding—

A family picnic celebrating two very important days was held on Sunday at the Ontario Fourth street park by the Allen family, the day being N. D. Allen's birthday and also the forty-sixth wedding anniversary of Mr. and Mrs. Allen.

A group of about 35 relatives gathered at the park for a big picnic dinner and during the afternoon there were a number of games to entertain the more active ones while some were content to be spectators and to put in the time visiting. An abundance of ice cream and iced punch was available throughout the afternoon.

There are nine sons and daughters in the Allen family and eight of them with their families were present for the celebration, they being Mrs. Ella MacLean, Mrs. Eva Sacks, Mrs. Christine Carter, Mrs. Edna Maine, W. E. Allen, Normie, Howard and Fred. George Allen of Los Angeles was unable to attend.

Mrs. W. E. O'Brien and Daughter Return Home—

Mrs. W. E. O'Brien and daughter, Alice, returned Sunday from a pleasant week's vacation the greater part of which was spent with Mrs. O'Brien's sister, Mrs. John Dykes, in Los Angeles. During the week they, with Mrs. Dykes, motored to Santa Barbara to spend the day. They had the pleasure of meeting the James H. Paulin family there and having lunch with them on the beach.

Mr. O'Brien went down to Los Angeles Saturday and returned with his family Sunday.

H. O. Blohm Entertain Friend Met on Ship—

Mr. and Mrs. H. O. Blohm and niece, Miss Martha Blohm of New York, had the pleasure of entertaining a few days last week Miss Helen Barker of Springfield, Mass., whom they met aboard ship on their recent return trip from New York. Miss Barker is touring the west coast states and when the Blohms learned she was coming south from San Francisco they immediately invited her to stop here for a visit. On Friday Mr. and Mrs. Blohm and Miss Blohm accompanied Miss Barker on a tour of the beach cities, starting at Long Beach and going as far south as San Clemente with a stop at Balboa for lunch.

At Laguna Beach the party stopped to visit briefly with Mr. and Mrs. Orville Chilton and to meet their new son.

Miss Barker left Saturday to continue her trip, her immediate destination being the Grand Canyon.

Miss Nisbett Hostess For Friends at Luncheon—

Miss Clara Lou Nisbett entertained as luncheon guests at Red Hill Country club Monday her friends, Mrs. James Bevins of March Field and Miss Olive Doyle of Riverside. Miss Nisbett spent a delightful week-end at Long Beach as guest of Mrs. Ralph Hubbel.

HOME OWNING on a Small Salary

IT MAY surprise you to know that fully half of the homes in this country are owned by men who make less than \$2000 a year.

How do they do it? Through loans such as those made by this association. These loans are put upon a monthly repayment basis about like rent. Both interest and principal are included; one mortgage stays in force, eliminating costly renewals; never any large sum to meet. This is the one plan that helps you to get out of debt, easily, and over a period of years, it is distinctly cheaper.

We loan money to build or buy a great many homes which never WOULD and never COULD have been owned in any other way.

You can do it, too, if you are now paying rent regularly. Come in and let us tell you how.

Painful FEET

Either have a steel arch fitted, or wear a shoe with the built-in arch, such as the Enna Jettick and Dr. Darling shoe in the ladies', and the Main-Spring Walk-Over in the men's.

Summer Is Here

—and with it come a host of attendant foot ills. Feet swell, perspire, and become painful. As a result corns and bunions develop, arches weaken, and the skin becomes tender.

It is not necessary, however, for feet to suffer. A few simple but effective treatments will heal your feet.

Pick Out Your Own Symptoms —

Perhaps you have felt a dull ache in the long arches of your feet, perhaps extending up into the muscles of your legs. You are "all tired out" at the end of the day. It is a sign that your longitudinal arch needs support.

A Burning Pain On the Ball

A weakened metatarsal arch causes the most terrible of all foot pains. A burning sensation is experienced in the spot indicated by the diagram at the left. Walking is painful. We have an insole on which is a soft rubber pad so placed as to gently support the weakened arch. Immediately the pains leave and your foot begins to strengthen.

THREE HOMERS FEATURE GAME

**Cecil Myers Connects For Two,
But His Team Loses
to Etiwanda**

Three home runs, two of them by Cecil Myers, O-K pitcher, and one double play were the high lights of the Etiwanda-O-K club game Friday night, but other than that the fray was an easy win for the visitors, who took it 17 to 10.

Etiwanda sent across seven runs in the first inning, getting them off of Horsch, who was relieved by Myers. One of these runs was by Mueller, the first man up, who hit a homer. This was a bad inning for the local aggregation, who were unable to overcome the lead.

Myers did his best, however, to even things up and after the first two men up in the first inning got on, he drove them in. As it happens though, of the four men who followed him, three fanned.

Again in the third frame he lifted the soft ball out of reach and made the circuit. In the fifth inning he again faced Brownless, the Etiwanda twirler, connected for a hit and finally reached home. In other words, he is responsible for five of his team's 10 counters.

Pierson and C. Frost tuned in on a double play in the fourth, catching out Swindells and Lewis.

Chorus May Join in Band Concert Programs Soon

Plans are being made for the appearance of a community chorus at the band concert, and there is a possibility of the appearance of the musicians next Thursday, according to Lynward Grahame.

Due to his recent illness, the original plans to have the chorus appear during August were dropped. As soon as preparations can be completed, the group will be on the program, it is announced.

Fred Wilding, Jr., director of the band, has arranged an attractive program for Thursday night. Ira Bailey will be the soloist, playing "Pomposo" on his tuba. The program in full follows:

Thursday, Aug. 8th, 1929

1. March, "Northwind" Chambers
2. Overture, "Don Giovanni" Mozart
3. Tuba Solo, "Pomposo" Hayes
4. Selection, "Madame Sherry" Hoschna

WOODMEN FAIL TO HALT LEMON KINGS

Packers Have Easy Victory
After Three Innings
of Tight Ball

What started out to be a close game ended somewhat differently last night with the Lemon Growers marking up a victory over the Woodmen, 8 to 0.

The first three innings was a blank as far as scoring, and nearly 100 per cent as far as playing. The Woodmen, through Earl Rice, got as far as third in the third inning, to make the first scoring threat.

Things broke in the fourth, however, with the packers getting three nice hits and two clean scores. Ingram, Province and Hirschler connected for safeties in this frame to start things off and from then on, with the exception

of one inning, the Growers were always scoring or threatening to score.

The sixth inning looked like the Woodmen's time to cash in on Herb Dean's only time of a little wild pitching. Through a series of free tickets to first, the bases were full and Cunningham was up. This is the Cunningham who has five homers to his credit. Did he connect for another one? No, he fanned. Oris Heinauer came next and his offerings landed in Ted MacLaren's mit at second and he was out on a forced run.

With Duncan on, Province hit far into the field in the sixth. After his bad sixth inning, Dean let the diamond followers know he was in good form by fanning off the three men to face him in the seventh.

A homer by Cornelius, with Dean on, in the eighth, added another touch of excitement. The Woodmen ended their final inning with a double play, Anderson at short to Krehbill at first, catching out Ingram and Hirschler. Duncan and Hirschler worked together for a double play in the last of the ninth.

"Drag." Of it the New York American said: "Another bull's eye for Barthelmess—and Lila Lee. It is heartily recommended to the motion picture public. It's corking entertainment. Barthelmess is better than ever."

The title "Drag" does not mean "underworld" or anything pertaining to it. The "drag" the title means is a lot of well wishing; some petty "in-laws" that are a "drag" on the leading character. It is a great picture; human, heart reaching American drama; fit and pleasing for any family.

Sue Carroll will be seen at the Granada in "The Exalted Flapper" Thursday and Friday, while Milton Sills and Dorothy Mackall will be shown in "His Captive Woman," a talking picture, Saturday and Sunday.

WANTED—House cleaning, window cleaning, new or old; 50c per hour. Have car; will go anywhere. Mrs. Florence Allen. Phone Upland 8726-R-5. 22tf

NOTICE TO BIDDERS

Notice is hereby given that the Board of Trustees of Upland Elementary School District, Upland, California, desire to purchase a building suitable for use, or that may be remodelled for use as a kindergarten room and class room, and accordingly will receive bids or proposals therefor.

The Board of Trustees reserve the right to require that it be free to move the building from the site at which the building now stands, within ten days from the opening of the bids, but the Board of Trustees be allowed the privilege of leaving the building on the premises on which it is now located for a period not to exceed thirty days.

All bidders shall be required to furnish satisfactory evidence that there is no lien or mortgage, or other reason why the building to be sold cannot be removed from the premises.

All bids shall be sealed and filed with the Clerk of the Board of Trustees of Upland Elementary School District, on or before 7:30 a. m., Friday, August 9, 1929, at which time said bids shall be opened in public, in the library of the Junior High School building on the south side of East 11th Street, between Third and Fifth Avenues, Upland, California.

The Board of Trustees reserve the right to refuse any and all bids.

By order of the Board of Trustees of Upland Elementary School District, Upland, California, dated July 12, 1929.

Another Record Broken!

Public acceptance of the New Chevrolet Six and of the
O. K'd Used Car has enabled us to break all former delivery records for our agency.

62 New Chevrolet Sixes in July
56 OK'd Used Cars in July
118 Units in July

We take this opportunity to thank our many friends who helped by buying cars and those who helped by expressing their good-will towards Chevrolet and this organization. Fifteen of these new units were 1½-ton trucks—outstanding performers in the low-priced truck field.
